

Avi Reichental
President and CEO, 3D Systems

CSA CELEBRITY SPEAKERS

Avi Reichental is President and CEO of 3D Systems. Under his leadership, the company has emerged as a global 3-D content-to-print leader that is redefining and shaping how we design, produce, consume and live. Through his passion to democratize the ideation-to-production process, 3D Systems has evolved and expanded its business model from a supplier of 3-D printers to a provider of end-to-end solutions that are transforming entire industries.

"A respected expert on 3D Printing & Design"

In detail

Prior to joining 3D Systems, Reichental served for more than 22 years in various senior executive positions with Sealed Air Corporation, most recently as Corporate Officer, Vice President and General Manager of Sealed Air's Shrink Packaging business. He is a recipient of a regional 2011 Ernst & Young Entrepreneur of the Year award, has received two Innovator Awards and holds 25 U.S. patents. Reichental currently serves as faculty co-chair of the Additive Manufacturing Program at Singularity University. What he/she offers you What's the big deal about 3D printing? Avi Reichental, discusses how 3D printing will disrupt the manufacturing sector and shape the future of our industries. How he/she presents Avi's experience and insight into his career makes him a highly sought after speaker at conferences around the globe. He strives to apply his enthusiasm and commitment to every audience he addresses.
